

California Department of Developmental Services

Regional Center Oversight Dashboard

2015 Performance Data

DDS establishes contracts with regional centers that include specific, measurable, performance objectives, which are reviewed by the public on an annual basis. The annual performance contracts are designed to help consumers achieve quality of life, reach meaningful progress above current baselines, and develop services and supports to meet consumer's needs. Every year, DDS reviews each regional center's performance data for compliance with their contracts.

Where consumers live

Developmental Center population has decreased as consumers move into the community. Regional Centers coordinate services and supports for consumers as they transition from developmental centers to community settings.
